

# Freedomlift™

Manufactured By Global Tardif Inc.

UNIQUE | DEPENDABLE | SPACE

*The Freedomlift is a fully enclosed commercial application lift designed to provide an economical and space saving solution for your buildings accessibility requirements.*

#### Standard Advantages:

- 1:2 cable Hydraulic Drive system
- NO MACHINE ROOM
- Emergency battery powered lowering car lighting and alarm
- Large Platform Size of 36" (914mm) Width x 62" (1575 mm) Depth
- Stainless Steel car station, car trim, telephone cabinet and handrail
- 1.5 hour fire rated doors with swing clear non exposed hinges.
- Illuminated LED Buttons
- Three (3) year manufacturers warranty on parts

The Freedomlift hydraulic drive accessible lift provides a safe, reliable and smooth running lift. With the Freedomlift a minimal hoistway dimension is required, no machine room space is needed, a shallow 6" pit depth and reduced overhead you are bound to save on construction costs;

thereby making this lift the perfect cost effective accessibility solution for small public buildings like churches, schools, lodges, restaurants, nursing homes and others whether it be remodeling or new construction.

*Freedomlift™*
